NEEM LEAF

inhibits organism growth**

BLACK WALNUT HULLS

encourages toxin release**

BUTTERNUT BARK

promotes colon cleanse**

FENNEL

relieves bloat**

Are you concerned about parasite infection?

The human body is a host to over 130 different types of parasites! Parasite infestations can range from mild and hardly noticeable to serious, even life-threatening. Experts estimate 50 million American children are infected with parasitic worms. Amoebas, protozoans contracted from parasite infested water or food in third world countries, cause dysentery. Up to 50% of the U.S. water supply is contaminated with giardia lamblia, a protozoan not killed by chlorination. The CDC reports 2 million cases of Giardia each year. Parasites move all over the body, even the brain, and can weaken the entire system.

Do you have parasite signs?

Round worms: fever, intestinal cramping. Hookworms: anemia, abdominal pain, diarrhea, lethargy. Blood flukes: lesions on the lungs, hemorrhages under the skin. Protozoa (amoebae): arthritis-like pain, dysentery, pain, dehydration. Tapeworms: intestinal obstruction (even from a single worm). Giardia: diarrhea, weakness, weight loss, cramping, and fever.

How does Parasite Purge help?

Parasite Purge helps cleanse and release a variety of parasitic organisms. Additionally, it helps normalize digestive tract processes to prevent reinfestation. For parasite prevention, make sure to properly wash fruits and vegetables, and drink filtered water, especially when travelling to third world countries. Important note: Herbal therapy is a good choice for mild cases, but not for major parasite infections. Medical treatment is the best choice for masses of hook and tape worms or blood flukes.*

about the herbs

Neem leaf (*Azadirachta indica*): a broad spectrum vermifuge (destroyer of parasites), neem supports many different anti-parasitic substances like meliacins, flavonoids, triterpenoid bitters, and tannins.**

Black walnut hulls (*Juglans nigra*): purgative help for intestinal worms; helps release toxins.**

Garlic clove (*Allium sativum*): a vermifuge to help kill and expel worms.**

Thyme leaf (*Thymus vulgaris*): a gentle vermifuge, especially useful for children.**

Artemisia Annua (*Artemisia annua*): a helpful insect repellent and anti-parasitic agent.**

Pumpkin seed (*Cucurbita pepo*): a gentle deworming food help, especially useful for children or pregnant women.**

Gentian Root (*Gentiana lutea*): a traditional herbal bitter to help strengthen weak digestion and help improve nutrient absorption.**

Slippery Elm Bark (*Ulmus fulva*): a mucilagenous fiber source to help coat and soothe an irritated gut lining.**

Wormwood leaf (*Artemisia absinthium*): a potent helpful destroyer of pin and round worms. **Not for use during pregnancy.****

Butternut Bark (*Juglans cinerea*): a safe herbal laxative which helps expel parasites.**

Cascara Sagrada bark (*Cascara sagrada*): like butternut bark, a safe herbal laxative that helps expels parasites.**

Fennel seed (*Foeniculum vulgare*): helps release bloat, helps relieve indigestion and gas. Has gentle antiparasitic properties.**

Mugwort (*Artemisia vulgaris*): a traditional herbal supporter for tapeworm, roundworm and threadworm infections.**

Oregon Grape Root (*Mahonia aquifolium*): supports the liver and spleen through the cleansing process.**

Elecampane Root (*Inula helenium*): a bitter herb which helps remove parasites and boosts the growth of friendly intestinal flora.**

Ingredients: Neem (Leaf), Black Walnut (Hulls), Garlic (Bulb), Thyme (Leaf), Artemisia Annua (Herb), Pumpkin (Seed), Gentian (Root), Slippery Elm (Bark), Woodworm (Leaf), Butternut (Bark), Cascara Sagrada (Bark)†, Fennel (Seed), Mugwort (Herb), Oregon Grape (Root), Elecampane (Root); Other ingredients: Certified Organic Brown Rice and Vegetarian Capsule (vegetable cellulose and water). Contains Black Walnut Hulls.

Directions: Take 4 capsules daily for 1 week; then 3 capsules daily for 1 week, then 1-2 capsules daily for 2 weeks. Children 5-12 years: take half adult serving.
